

# Checklist before attending a #DigiLounge Event

Follow this checklist and get your computer ready!

1. To get the full networking experience use a computer with a camera and microphone. It's not required but will let you have an amazing experience!

2. Before you begin, please test your system's compatibility with Remo [here](#). This will allow you to diagnose if there is a problem and where it is!
3. As we use the latest video technology, make sure your browser and OS is updated to the latest version. Please check that you are using a compatible browser and OS that fulfills the versions listed in the table below.

We currently only support Chrome, Safari, or Firefox browser on your desktop/laptop computer. Mobile and tablet view can be accessed and are in beta!

4. Don't join through a VPN - there can sometimes be blocks from your IT systems
5. Locate yourself in a quiet place with a non-distracting background.
6. Go to the link that was sent to you and register with your name, email and password.
7. Most importantly have fun and a great event!
